The iBasis Network

The world's largest international Cisco-Powered Network for Internet Telephony, our global network is the centerpiece of iBasis' business. It's a robust, global platform for delivering IP-based communications services, including wholesale, phone-to-phone VoIP, enhanced services, and speech solutions. With this global infrastructure in more than 45 countries and through its relationships with other communications providers, iBasis can carry calls to virtually every country in the world.

10k

iBasis is driving the revolution that is moving the world's communications to the Internet. We are the leader in delivering toll-quality Voice on the Net services to carriers and enterprises worldwide. Now, we are further leveraging the capabilities of The iBasis Network™, the world's largest international Cisco-Powered Network for Internet Telephony, and our expertise in IP-based voice services to develop and deliver speech-driven content, e-commerce, customer and employee self-service applications.
